12 September
1915

Yours Sincerely
M. G. Pantambekar
Retired Sub asst. Surgeon
City Malegaon Dist. Nasik

Rao sahib R.S.Kulkarni.

Dewan Savnur state.

District Dharwar.

Sir,

Having read in the ~~last~~ 'Kesari' that you need one sub assistant sergeon for your dispensary, I beg to offer myself as a candidate for the same.

It is more than 13 years that I have opened a private dispensary in Poona. Owing to some family mishap I had to leave my courser incomplete after 2 years.

I was in charge of the Fercusson College dispensary for nearly four years. During that time I had administered medicines to several patients suffering from different ailments Moreover when Influenza was broken out in Poona I was appointed by the Health Officer Poona City as a Medical Officer on Rs 80/- p.m. and an independent dispensary was given in my charge. A glance at the accompanying copy of the report that was submitted to the Health Officer will give you a complete idea about its workings and is equal to several testimonials put together.

It is hoped that this application will meet your honours kind approbation and approval and you will be kind enough to confer upon me the post requested.

I beg to remain
Sir,
Your most obedient servant,

Medical Practitioner.

Kasaba 45.
Poona City.
D/- 15 September 19

To,

The Health Officer,

City Municipality,

Poona City.

Sir,

I have the honour to report on the working of the dispensary under my control.

Influenza commenced its campaign in the city on the 7th September 1918. The infection spread out rapidly and made its scope through all the quarters of the town. It seems to be of a varulent type and began to ravage the town by leaps and bounds. The medical aid available in the city was found insuffi cient to cope with the increasing attacks. The patients especially the poor began to fall victims to this epidemic apparant ly for want of prompt and efficient medical aid which initiated the origin of the opening of the dispensary under report and its jurisdiction extended over Bhamburda and eleven pethe viz. Budhavar, Mangalwar, Ganj, Shanwar, Vetal, Sadashiv, Kasaba, Somwar, Ganesh, Raste, and Nyahal.

The dispensary under report was accordingly opened under the patronage of the City Municipality and was placed in my charge. I was of course energetically cooperated by the force of volunteers generally recruited from the college stude dents at the instance of Prof. S.B.Bondale M.A. who acted as Head volunteer from the opening of the dispensary but had to leave Poona to attend his brother who was suffering from this disease and Prof. K.R.kanitker M.A.B.Sc. succeeded him.

On the opening day 21/- patients were enrolled. The attendence had gradually increased and an avarage of 135/- patients had to be treated every day. The successful treatment of the patients had won the implicit confidence and appreciation of the public in the drugs administered. This accounts for the increase in the number of patients which rose from 21/- to 246/-, as will be seen from the chart attached. I may note here that the volunteers took the highest po ssible precautions in delivering the drugs administered by me for which they dese

Dear Sir,

With reference to your advertisement in Kesari of the instant for Subassistant Surgeon I beg to request you to send me following information.

1 Is the State willing to employ a non-retired Subassistant Surgeon of nearly four years service?

2 Does the State wish to give promotions above Rs. 60? If so, please state the conditions.

3 The population of the town.

4 The railway connection.

5. the nearest dispensary
6 How far is Dharwar from
Sawanur?

I beg to remain
Sir

Subassistant
surgeon
Karajgi
Dist. Solapur
(Akkalkot State).

deserve congratulations.

In addition to the dispharging of medicines I had to pay visits to patients whose cases were reported to be xxxx serious i.e. of Pneumonic nature and calling for visits. Such cases were not in an average less than 9/- per day.

On the whole 1200/- patients xxxx had received treatment during this short period from the dispensary under report of whom 1177/- or 99 % of the patients were, it is gratifying to note, completely cured, though there were not less than 300% cases of PNEUMONIC nature and only 23/- or 1 % were fatal.

I may state here that I am greatly indebted to the Health Officer for giving his kind advice whenever required and encouragement in the conduct of the dispensary. The Chief xxxxx Officer also frequently visited the dispensary and tried to bring it to a complete success. I take this oppertunity to offer my cordial thanks to Mr. H.N.Apte the then President of the Municipality for giving his sanction and the Chief Officer for recommending this measure. Thanks are also due to the Superintendent of the P.N.Institution for kindly giving accommodation to the dispensary duly furnished in the premises of the school building.

Lastly I may state that the existance of the dispensary continued from the 20th September 1918 to the end of October when it was closed.

I have the honour to be,
Sir,
Your most obedient servant,

Dated the 31st October 1918.

Sir,

I am a duly registered Medical man with over 16 years practical experience. For some time I was Chief Medical Officer of a Colliery Hospital; also I have served in the Burmese War Hospital of Bombay for the present. I am a practising physician and surgeon. Allow me to state clearly that I am not a pensioner, but can produce good credentials. In conclusion I am willing to accept the advertised post if you can see your way to approve my services.

Yours faithfully

From,

The Sub-assistant-
Surgeon
Purushottam anant Joshi
H/c. atpadi Dispensary
Post atpadi
Distt: Satara

To,

R. S. Kulkarni Esqr
The Dewan,
Sawanur state
Distt: Dharwar

Dated atpadi the 15th Sept: 19

Respected Sir,

With reference to your notification of 5th Sept: 19, in the issue of Kesari of 9th Sept: 19 I humbly beg to offer myself as a candidate for the post of a sub-assist: surgeon in your state

2 I am a qualified and experienced s. a. surgeon having passed & qualified from the medical school, Poona, in the year 1903 & got the diploma of the s. a. surgeon's qualification

Since then I have been in service
for the last 15 years as an Officer
in charge of Dispensaries & Hospitals
doing both medical & surgical
work. As an assistant superin-
tendent of Vaccination Department
I as an Officer in personal ser-
vice with the Royal Family.
I have always worked to the
entire satisfaction of the people
and the authorities concerned
for all this period. I have thus
gained considerable experience
of medical & surgical work of
varied nature. I append to this
application some of the certificates
from the able medical authorities
and Administrators who had
the opportunity of closely judging
my work. In addition to the
endorsed certificates there is
the Official Record of periodical
inspections of the Dispensary
I am at present in charge of
for these nine years & of any

general work by two late authorities
It speaks highly and satisfactorily
of my work. Copies of these are al-
ready but will be furnished if
required. I must leave it to you
to judge of my abilities and
behaviour as best you can from
this material.

3 I am only 40 years of age
at present & have ambition of put-
ting in honest, able, zealous and
useful work hereafter as oppor-
tunities will be offered to me
on appreciation of my work.

4 I am willing to take up
your appointment only if it is
permanent.

5 One more point to be noticed
that my present appointment
is permanent. I must therefore
give reasonable notice of leav-
ing the present post to the
state authorities before joining
your appointment — if you are
pleased to confer it on me.
I shall be quite willing to

[redacted] you with any more information if so desired.

Hoping that my application will be duly and kindly considered.

I beg to remain,
Sir,
Your most obedient Servant
Purnis Hall and Jarkin
Sub-assistt Surgeon
